REPORTS.

REPORT OF THE EXECUTIVE BOARD.

TO THE SOUTH CAROLINA BAPTIST STATE CONVENTION :

At your last annual meeting we reported fifty-eight men in the employ of your Board. For the year just closed we report eighty-three men and one lady missionary.

Fourteen students of Furman University and four of the Southern Baptist Theological Seminary labored for the Board during their vacation.

Of the men employed, forty-eight have served as missionary pastors; thirteen as missionaries and colporters; six as evangelists, and sixteen as colporters. Our lady missionary, Mrs. H. Marshall, has rendered most efficient service in doing house to house work among the factory people in the city of Greenville.

More men have been employed; more work has been done; more fruit gathered and more money raised than during any year of the Board's existence.

Summary of Work.

Stations occupied, 150; missionaries, 84; miles traveled, 55,448; days engaged in actual service, 5,895; sermons preached, 3,622; prayer meetings held, 1,211; religious visits made, 7,278; conversions, 554; baptisms, 428; received by letter, 329; restored to fellowship, 65; total additions to the churches, 822; total membership, 3,676; churches organized, 19; churches built, 14; raised and expended on church buildings, \$14,425.20; addresses on missions, 541; addresses on other subjects, 648; Sunday schools organized, 63; Sunday school addresses, 478; number of Sunday schools, 93; number of teachers, 403; number of scholars, 3,712; contributions of Sunday schools, \$216.22; stations collecting monthly for missions, 44; quarterly, 62; number of Woman's Mission Societies, 32; subscribers to the Baptist Courier secured, 208; Foreign Journal, 150; raised for State Missions, \$1,246.02; for Bible and Colportage work, \$47.50; for Home Missions, \$107.50; for Foreign Missions, \$221.82; for Endowment of Furman University, \$589.48; for Ministerial Education Furman University, \$86.81; for Ministerial Education in the Theological Seminary, \$6.00; pages of tracts distributed, 33,777.

These figures exhibit most gratifying results, yet figures fail to show all that has been accomplished. Real progress is seen in growing congregations and Sunday schools, a larger number of religious visits, more prayer meetings, greater exertions put forth and more sacrifices made to secure neat and comfortable houses of worship, and increasing contributions for the support of our benevolent work.

A number of new stations have been occupied this year, of which we may mention Hampton C. H., Appleton, Peak's, Fort Motte, Liberty, Trio, Fair Forest, Holly Grove, Oak Grove, Cannon Street Mission (Charleston), Guntersville, &c.

The church in Georgetown has been reorganized and has had regular services twice a month since the beginning of April. The prospect for building up is encouraging.

The Ladies' Central Committee very kindly undertook the support of the work at Cannon Street Mission, Charleston.

Rock Hill Church, which was established and fostered by your Board, will, after this year, be self-sustaining. Others have notified us that they will no longer need help.

Bible and Colportage Work.

Steady progress has been made in this important department of labor. Thirteen missionaries have carried supplies of books with them, while sixteen brethren, most of them students, have worked exclusively as colporters. Their labors have extended into nearly all of our Associations. The results are encouraging. There has been sold during the year 12,611 books and pamphlets, value for \$6,278.81. We have now permanent funds amounting to \$2,138.06.

We hope to have in the near future a "permanent fund" from each Association in the State.

While we are grateful for what has been accomplished in this department of work during the past two years, yet we believe that the time has come for placing the work on a more solid basis. This can be done by enabling your Board to offer some salary to competent men to do the work. How these salaries are to be raised, whether by special contributions for the work or by an increase of contributions to State Missions, we leave to the wisdom of the Convention to determine.

Finances.

- The extension of the work called for an increase of income, hence the churches were asked to give us this year \$12,000 for State Missions. Of this amount, \$10,314.40 has been received, leaving a balance of \$626.70 to be provided for, so that the Board may meet all its obligations at the close of the year.

It would be a great relief to the Board, as well as a convenience to the missionaries, if the churches would enable us to meet promptly the demands of each quarter.

During the year the children have come nobly to the front in liberality. Over 2,000 of them contributed \$350 towards the building of a house of worship at Trio. They are now deeply interested in the building of one at Walterboro. Their contributions for it already amount to \$228.40.

Destitution.

The work still needs to be pressed with unabated vigor in portions of Williamsburg and Georgetown Counties.

Berkley County demands more attention than we have been able to give it in the past. Summerville, with its population of 4,500 people, should be no longer neglected by Baptists.

Several towns on the Eutawville Railroad, which are fast becoming centres of influence, should be occupied at once. Beaufort County is nearly all missionary ground for Baptists.

A house of worship will soon be built in Walterboro, and a strong man should be sent there.

The towns springing up along lines of railroad just opened should not be over-looked. Already calls for help have come from new organizations in towns which have sprung up on the Blackville, Alston and Newberry Railroad. An appeal comes to us from Port Royal, where five have been baptized this year.

Let us heed these calls, and be thankful that God has given us such grand opportunities to prove our love to Him. Let "forward" be our motto. Let us labor and pray and give until there shall be a Baptist church in every town and in every neighborhood in our State, exercising a wide influence for Christ and for the uplifting of fallen humanity.

Contributions during the year: For State Missions, \$10,314.40; for Bible and Colportage Work, \$549.01; for Church Buildings, \$14,425.20; for Home Missions, \$4,312.69; for Foreign Missions, \$8,737.55; for Ministerial Education, \$3,658.83; for Endowment Furman University, \$16,133.77; for Cottage, by the ladies, \$1,100.00—\$59,231.45.

REPORT OF COMMITTEE ON STATE MISSIONS.

Your committee to whom was referred so much of the report of the Executive Board as refers to State Missions suggest the following:

1. That we project the work for 1889 on a basis of fifteen thousand dollars.
2. That we heartily approve of the course pursued by the Board during past years in securing the services of ministerial students, and would earnestly recommend that it continue to do so as far as practicable.
3. That the Board enlarge its work by occupying, as far as possible, points where there are no Baptist Churches.
4. We earnestly urge, as did your committee last year, "that the contributions shall be so regularly and promptly made as to enable the Secretary to meet all demands quarterly."

Respectfully submitted.

REPORT OF COMMITTEE ON BIBLE AND COLPORTAGE WORK.

Your Committee on Bible and Colportage Work beg leave to report: There is cause for encouragement and devout gratitude to God for the progress and promise of our Bible and Colportage work, as conducted by our State Mission Board.

We respectfully recommend:

1. That this Convention give its most hearty support to this work.
2. That the State Mission Board be instructed to supplement the income of their colporters, when in the judgment of the Board such help is required.

3. That this increase of expenditure upon the part of its Board be met by increased contributions to State Missions.

We cannot close even this brief report without some recognition of the kind attitude towards our work by our Publication Society in Philadelphia, and therefore,

Resolved, 1. That we are glad to welcome among us the Rev. C. C. Bitting, representative of the American Baptist Publication Society.

2. That we again express our gratitude to the American Baptist Publication Society for the liberal aid granted our State Board in its Bible and Colportage work.

3. That we earnestly recommend that each of our churches take a collection, at least once a year, for the Bible work of said Society.

Respectfully submitted.

REPORT OF BOARD OF TRUSTEES OF FURMAN UNIVERSITY.

We are pleased to say to the Convention that the condition and prospects of the University are constantly brightening. Progress is being made on almost every line. We find the teaching to be thorough and efficient in every department. The Professors are not only doing full work, but in some cases are over-taxed. We need to increase the number of instructors and to enlarge the course of study. In some cases the students themselves are thirsting for instruction in particular directions which cannot be undertaken because the present faculty already have as much or more than they could be expected to do. We hope the time is near at hand when this necessity for enlargement shall be amply met.

Up to this date of the present session, 123 students have matriculated. Of those who have registered, 81 are pursuing studies in the collegiate department, and 39 have in view the ministry of the gospel. We are gratified to state that excellent deportment, faithful application to study and earnestness of spirit very largely prevail among the students.

Besides the grounds, buildings and other appurtenances, we now have an endowment amounting to something between \$40,000 and \$45,000, with fair prospects of its gradual and solid augmentation. The funds of the Institution we believe to be well invested, the interest on the same being, on the average, at least 8 per cent.

Upon the whole, we believe that for Furman University a better day is rapidly dawning.

We earnestly request and recommend that efforts for an increase of endowment shall continue. We beg those who have so often and generously given to give again, and those who have not given to begin without delay.

For further information as to the prospects of the Endowment, we refer the Convention to the report of the Financial Agent.

Respectfully submitted in behalf of the Trustees.

REPORT OF BOARD OF MINISTERIAL EDUCATION.

In reviewing the work of the past Conventional year, the Education Board finds many causes for praise to our Heavenly Father, and gratitude to the brethren of this Convention for their timely and generous support. Though the number of young men applying for aid has greatly increased during the year, the Board has never turned away any applicant, who had been previously approved by the examining committee, and maintained a good reputation for intellectual strength and moral character. Every demand made upon the Treasurer has been promptly and fully met, and no ministerial student has suffered interruption in his studies from a lack of funds to meet his expenses. Of the 37 who attended Furman University, during its last session, 22 were aided to the extent of tuition and the whole or part of their board, &c., and 15 had only tuition furnished them.

Of the 38 who had been enrolled for the present term, 24 have applied for aid to meet most of their expenses, 12 for tuition only, and two will defray all their expenses, tuition included. It should be said to the credit of our young men at Furman University, that they are generally making vigorous efforts to become self-supporting. It is necessary sometimes to offer a mild admonition to the most aspiring, that their laudable purpose may not incite them to accept more work than would be consistent with their college duties. The students under the patronage of the Education Board come from different sections of the State, and represent 20 Associations as follows : Abbeville, 1 ; Reedy River, 1 ; Beaverdam, 2 ; Saluda, 3 ; Piedmont, 1 ; Greenville, 3 ; Ridge, 1 ; Barnwell, 2 ; Santee, 1 ; Broad River, 1 ; Fairfield, 2 ; Pee Dee, 2 ; North Greenville, 1 ; Colleton, 2 ; Charleston, 1 ; Welsh Neck, 2 ; Spartanburg, 2 ; Edisto, 2.

Twenty-seven of the thirty Associations composing this Convention have contributed to the support of our Board. The Dorchester, Lexington and Waccamaw have yet in store the pleasure and gratification of helping the Master's cause in this direction. We are expecting orders, before the close of this scholastic year, to enroll them in the list of supporters.

Louisville.

One of the duties assigned this Board is to supply funds to young ministers from this State, who may be pursuing a course of study at the Southern Baptist Theological Seminary at Louisville. The Treasurer has received instructions from the Board to forward promptly all moneys designated by the contributors for that purpose. The Board aided three young men who were at the Seminary during its last session. In view of the fact that a large number of students attend the Seminary from this State, several of whom are receiving aid from the Students' Fund, the Board would urge upon our churches to send up more liberal contributions for this purpose.

The Mess Hall System.

This arrangement is no longer an experiment. It continues to give general satisfaction, and has enabled the students to practice, what may be termed in some cases, commendable economy. Board can be had in these halls at from \$7 to \$8 per month. The accommodations for messing on the University grounds will be increased at an early day by the completion of the Judson Cottage, an

eight-room brick building, erected by the noble and consecrated Baptist women of South Carolina, under the wise leadership of Dr. R. H. Griffith.

Modest Request.

The Board asked, at the last meeting of the Convention, for \$4,000, the amount we supposed would be sufficient to meet all the demands which would come upon the Board during the year. The Treasurer has received to date, Nov. 24, 1888, \$3,658.83. With this amount he was able to pay all the other expenses of the students and a large part of their tuition. With an additional \$600 in the treasury the Board could have made the gratifying report that the instructions of the Convention had been fully discharged. From the number of students already matriculated, those we may expect to make application by the 15th of February, and the probable number of those present who will be disappointed in their arrangements, it is evident that it will require not less than \$5,000 to satisfy the demands coming upon us. Though the work has enlarged, and calls for renewed effort and more liberal offerings must be made, we are confident that our brethren throughout the State will sustain us in our efforts to educate those who are to come after us and take our places.

Regulations.

In order that the brethren may clearly understand the work of the Board, it is requested that regulations pertaining to those who receive aid through it shall be authorized by this Convention. It is also desirable that students should know the rules to which they will be expected to conform before they make application to the Board.

J. A. MUNDY, President.

A. J. S. THOMAS, Secretary.

REPORT OF THE COMMITTEE ON BOARD MINISTERIAL EDUCATION.

The committee to whom was referred the matter of proposing regulations for the Board of Ministerial Education, beg leave to report the following:

1. Every candidate seeking aid of the Board shall present an application, stating age, studies already pursued, and a certificate of the church to which he belongs, when practicable, commanding him on the ground of his moral and intellectual qualifications, call to the ministry, the exercise of his gifts, and inability to defray the expenses of education.
2. Candidates whose applications have been approved shall, on their arrival in Greenville, report to the President of the Board. They will be required to come before the committee, appointed by the Board, for examination, at a time of which due notice will be given.
3. Every application for aid must be accompanied by a statement of the amount the student can furnish, and the Board shall undertake to supply only what is needed to make up the deficiency. As far as possible, it shall be ascertained and determined before matriculation how much the Board is to pay.

4. Before making any engagement to preach while pursuing his studies under the patronage of the Board, the student must consult the Board and secure its approval.

5. Applicants shall, as far as practicable, state how long they purpose to remain at the University or Seminary, and shall be guided in their studies by the advice of the Board, and they shall not change their schools or abandon their course without the consent of the Board; and any student who shall abandon the ministry after having received aid from the Board shall be expected to refund the amount received.

6. Disregard for the rules of the Board, failure to keep a fair class record, neglect of practical duties of religion, or any moral obligation, shall be a just ground for severing the connection between the Board and any student under its watch-care.

Respectfully submitted.

B. W. EDWARDS, Chairman.

REPORT OF CENTRAL COMMITTEE OF WOMAN'S MISSION SOCIETIES.

The Central Committee of Woman's Mission Societies respectfully report that they have received from Nov. 1st, 1887, \$3,175.88, an increase of \$488.24 over last year. \$2,201.22 was appropriated to Foreign Missions; \$713.73 to Home Missions, of which the greater part was for Miss Cole's salary and work in New Orleans, and the remainder for the house of worship and mission in Cuba; \$260.93 was given to State Missions.

Since Jan. 1st, 1888, at the request of the Secretary of the Executive Board of this Convention, the Committee has undertaken to contribute \$300 a year to the support of the Cannon Street Mission in Charleston, thus rounding out their work so as to include the three Mission Boards under the patronage of the State Convention. They are gratified that this new work has been gladly accepted by the ladies of the State and has caused no decrease in the collections for the Foreign and Home Boards. Some contributions for special objects have been received, and they have in all cases been sent as designated.

One hundred and eighty-eight societies contributed through your Committee this year. Twenty-four new societies were organized. There are 24 vice presidents in as many Associations, and the increase in the number of societies, and the sustained interest in the work, is in large part due to the efforts of many of these willing workers. There are still some Associations without vice presidents. The Committee is endeavoring to fill these vacancies.

An effort has been made to have some brother represent the work of the Committee at every Associational meeting, and they have been gratified at the readiness of the brethren to do this service.

According to the advice of this Convention at its last meeting, three lady delegates were appointed to attend the Woman's Meeting held in Richmond, Va., at the time of the meeting of the Southern Baptist Convention. At that meeting the delegates of ten of the twelve States represented entered into a general organization and elected an Executive Committee of Woman's Mission Societies, auxiliary to the Southern Baptist Convention, with headquarters in Baltimore, No. 10 East Fayette Street; our Miss McIntosh as President, with one Vice President for each State,

Mrs. M. A. Huiet, of Johnston, representing South Carolina; Miss Annie Armstrong, Corresponding Secretary. The object of this Executive Committee as stated in their constitution is two-fold:

1st. To distribute missionary information and stimulate effort, through the State Central Committees, where they exist, and where they do not, to encourage the organization of societies.

2nd. To secure the earnest, systematic co-operation of women and children in collecting and raising money for missions.

They have already issued several pamphlets of interest to the Woman's Mission Societies of the South (a list of these can be had on application to Miss. M. E. McIntosh) and have distributed through the State Central Committees numbers of prayer cards, leaflets, brick collection cards, &c. Your Central Committee have found these a valuable help, and are confident that this general organization will prove itself an efficient aid in developing the missionary spirit and the missionary endeavor of the women of our State. The Committee would again call attention to the Mission Home, No. 10 East Fayette Street, Baltimore, as furnishing mission literature in a helpful and attractive form and very cheap. They believe that these leaflets have already proved themselves living, fruit-producing seeds, and they hope they will be more widely scattered over our State.

REPORT ON FOREIGN MISSIONS.

The outlook in the Foreign field is highly encouraging to every heart that beats with love for the souls of dying men and women. The great commission of our Master is enforcing itself on the minds of his followers, and the recognition of the importance of obeying its injunction is pressing men into the work, and increasing the contributions for their sustenance.

The arguments for sending the Gospel to the heathen are breaking through the hard shell of opposition, and will finally triumph over every obstacle. The direct word of Scripture, the common brotherhood and destiny of man, and the results of Missions in all lands, encourage us to grander enterprises for the evangelization of the world.

The attitude of the churches of Christ should be aggressive and expectant, carrying the war into the enemy's territory, and confidently looking for glorious achievements. We are no longer strangers to the heathen. There has been a time when they seemed far away, but now they are brought near by railroad and steamboat facilities, and through the agency of the telegraph and the press we hold converse with them as neighbor with neighbor. In fact, we are neighbors. Every man who owns a foot of land in Christian America has a point of contact with the Chinese land holder. From every Christian heart as a centre there should flow forth streams of practical sympathy and love for perishing humanity, not circumscribed by the boundaries of one's home land, but having a circumference not an inch smaller than the rim of the globe on which we live.

But now, to the *facts* and *needs* in the Foreign Mission work. Your Committee think it best to present some of the most important statistics from the fields occupied by our Board, and to call attention to a few other points of interest.

The Southern Baptist Convention is at work in four grand divisions of the world, viz : Africa, Asia, Europe and America.

I. The African Mission.

In February, 1846, the Board of Foreign Missions resolved to open up a mission in Africa. This was the Liberia Mission, which has since become almost, if not entirely, self-sustaining.

At present, our Board is working at five points in Africa, viz : Lagos, Abbeokuta, Ogbomoshaw and Gann and Hausser Farm, with a total of laborers numbering sixteen, of whom eight are natives. This force is to be increased in January in the persons of Bro. Lumbley and wife.

Statistics for year ending May, 1888 : Baptisms, 13 ; church members, 149 ; pupils, 264.

"A Solemn Fact—One hundred and ninety-two millions of people on the Dark Continent, of whom not more than two millions have ever heard the news of salvation."

II. The Mission in Asia.

China is the great field of operations in Asia, and the great mission field of the world. The stations occupied in China are grouped under three heads, with their sub-divisions, viz : Northern China with two points, Tung Chow and Hwanghien ; Central China with four points, Shanghai, Kwin San, Soochow and Chinkiang, and Southern China with Canton and vicinity. Laborers at all the points number forty-six, of whom twenty-six are natives. Bro. Bell writes that Brethren Chappell, Britton, Tatum, and their wives, are to leave soon, as reinforcements for this field.

Baptisms for the Conventional year of 1887-88, in all, 40 ; total membership, 727. Bro. Bell writes : "The way seems opening up for beginning a work in Japan, as the Convention allowed, and as was attempted before the war."

III. European Mission--Italy.

Thirteen stations, fifteen missionaries, of whom twelve are Europeans.

Dr. Geo. B. Taylor, after a two years' vacation, spent in this country, has returned to Rome. Brother John H. Eager and his wife are now in the home-land resting, and at the same time working upon the hearts of the people for the purpose of creating a larger love for the Italian work, and the poor, benighted, priest-ridden people of that fair land.

IV. South American Missions.

The Empire of Brazil affords an interesting field for missionary work. It is occupied at five points—Rio De Janeiro, Santa Barbara, Bahia, Maceio and Pernambuco—by fifteen missionaries, of whom two are natives. Brother J. A. Barker and wife have recently gone to the field. Mrs. Barker is a South Carolinian—from Charleston. This, of itself, should interest South Carolina Baptists in the Brazilian work. Baptisms, 49 ; membership, about 210.

V. American Mission in Mexico.

Our work in Mexico has been something phenomenal. Young and vigorous, it has made rapid strides, and presents to the Christian world results such as should

cheer and strengthen the hearts of all Christ's followers. Our stations are in four States—Coahuila, Zacatecas, Aguas Calientes and Jalisco. Laborers, twenty-four, of whom ten are natives. Churches, 27; baptized 234 (and many since the May Convention); membership, say about 600.

Items and Suggestions.

1. Since our last State Convention Dr. Matthew T. Yates and Mrs. R. H. Graves have entered into their heavenly rest. Their memory is precious. They being dead, yet speak, and their voices still call for more laborers for China.
2. Many new men and women are offering their services for the foreign work.
3. The Board will need \$120,000 this year, of which amount South Carolina is asked for \$11,000. Let us give it with a vim, and still retain our place in the line of States.
4. Christ must be carried to the world or the world will never come to Christ.

Suggestions.

1. We heartily recommend to all our churches the Foreign Mission Journal, a monthly paper published in Richmond, Va., under the direction of our Foreign Board. Nothing else does or can take its place.
2. We recommend that a Woman's Mission Society be organized in every church throughout the bounds of our Convention.
3. We recommend a hearty endorsement of the action of the Southern Baptist Convention in May last, which looks to an enlargement of the work in foreign lands.

"Should not our love of God arouse the churches to more vigorous and self-denying propagation of the gospel? The heathen give by millions to their false gods. What should we not give to the true God?"

May the spirit of God rest upon us in this blessed work.

Respectfully,

W. T. HUNDLEY.

REPORT OF COMMITTEE ON HOME MISSIONS.

Your committee on Home Missions beg leave to submit the following report: God has greatly blessed the efforts of the servants of this Board since this Convention was in session a year ago. Indeed, it will hardly be considered extravagant language to say that the blessings of the Great Head of the church have been more manifest within the last year than at any time in the past history of the Home Mission work. At the last session of the Southern Baptist Convention this Board submitted a most cheering account of work done, from a summary of which report we desire to quote a few of the most important items.

During the last year 287 missionaries were employed by the Board, whose principal fields of labor were in Louisiana, Arkansas, Texas, Indian Territory, Florida and the Island of Cuba. Those missionaries preached 33,868 sermons; added 7,496 members to the churches under their charge; they organized 306 churches, built 64 houses of worship, and organized 431 Sunday schools. In the prosecution of this work the Board raised and expended over \$80,000 exclusive of the amounts

known as co-operative mission funds ; including all co-operative mission funds it expended in its work \$178,953.32.

So much for the work of the past year. But we believe that the Board is just now entering upon the most useful part of its career, and therefore justly claims our heartiest sympathies, most fervent prayers and most liberal financial support. The same reasons that called it into existence still plead, not only for its continued existence, but for that enlargement of its ability which will make its power commensurate with the claims that are pressing upon it. It cares for a species of destitution that can be supplied by no other organization among the Baptists of the South. Its sphere of operations is so large that several of the empires of the Old World could be placed within it and not fill all its territory. Its ministrations are mainly for the benefit of the Southern people, trying to instil into them the doctrines of the New Testament as held by Baptists ; therefore the ties of friendship, the feeling of patriotism and the love of our denomination conspire with the authority of Christ's words to make us diligent, liberal helpers of the work of this Board.

Your Committee beg leave to urge upon this Convention special consideration of the claims of such parts of the Home Mission field as New Orleans, where multitudes can be found practically destitute of the gospel ; the western part of Arkansas, which is rapidly filling up with people who need the help of this Board ; the Indian Territory, where it is highly desirable for the Board to push its work into the towns which are being captured by other denominations ; the western half of Texas, which, as Bro. Holt says, has only one self-sustaining church, but whose territory is twice as great as any other Southern State, and which is being rapidly filled by a heterogeneous mass of people from all the States and from many foreign nations. This people should be supplied at once with the gospel, and thus let the religion of Jesus Christ become the controlling factor in the formative period of the new society. But we would urge upon you the earnest consideration of the needs and promise of the wonderful work in Cuba. "The hand of the Lord" has been with His servants in that work in a wonderful manner, and it seems that the set time has come for the deliverance of that people from the superstitions and idolatry of Romanism. At the last meeting of the Southern Baptist Convention the Board was instructed to build a house of worship in the city of Havana, which will proclaim the fact to all that the Baptists have come to stay. To carry out the instructions of the Convention, the Home Mission Board needs, and must have, about \$50,000 over and above the regular expenditures necessary for the work already in hand. For that sum they can purchase a theatre admirably adapted in every respect to their use. And the Baptists of South Carolina must do their part in this laudable work.

In conclusion, the committee desire to direct the attention of the Convention to a work which this Board is now doing among the colored people of the South. It has in its employ several able, consecrated men, who are giving to the religious leaders of the colored people just the kind of help in the way of religious instruction that they are now fitted to receive, and we are able to bestow. The Board is also employing over fifty missionaries among the negroes. To mention this work is, we think, sufficient, as it is manifest that instruction is greatly needed by this people, and the method pursued by this Board commends itself as the best under the circumstances.

We would also commend "Our Home Field," the organ of the Board, and the Kind Words Series of Sunday School Helps, published by the Board, under the instructions of the Southern Baptist Convention.

J. W. PERRY, Chairman.

REPORT ON OBITUARIES.

Your Committee on Obituaries respectfully report the following:

We have diligently sought for information, publicly through The Baptist Courier and privately through correspondence, and we have learned of only five ordained ministers, two licentiates and no laymen of special efficiency in the work of the Convention, who have died since the last meeting of the Convention. For thus sparing the lives of His children, we return most hearty thanks to our Heavenly Father.

Of those who have been called away we name

E. A. Edwards,

Who was born in 1832 in Darlington County, and lived a few years at Society Hill. While yet a child he lost his parents and was adopted by an uncle, who left him a large estate in Louisiana. His early manhood was spent in Sumter County, where he married Miss Julia Furman, the sister of Dr. Richard Furman. Just before the war he was converted under the ministry of Rev. Samuel Furman, and shortly after began to preach, first as an unpaid missionary in Louisiana; then as pastor of several churches in Sumter County, South Carolina. He was a noble-hearted, genial, godly man. As long as his health permitted he worked eagerly for the cause he had espoused. Latterly a trouble in the head prevented active work in the pastorate. He died on the 9th of August last after a brief illness. Servant of God, well done.

W. B. Shaw, M.D.,

Left the medical profession for the Christian ministry; from work for the bodies, he turned to work for the souls of men. He was a preacher about twenty-five years. Born in Edgefield County, he lived there all his life. During his ministry he supplied several churches in Edgefield and Aiken. He was a man of deep religious convictions. Possessed of considerable property he was able and ready to administer help to the needy. He loved to give to objects which he regarded as worthy. One who knew him well says: "His life was beautiful. His one theme was Christ—the Christ who died for him and whom he loved with all his heart." He died on the 22d of January last in the Insane Asylum at Columbia, leaving a wife, but no children.

H. M. Barton,

Of Oconee County, lived a long and useful life as a faithful minister of Jesus Christ, though his advantages for education had been meagre. Possessed of strong common sense, sterling character, deep spirituality and facility of pointed address, his ordinary work in the pulpit and his special work as an evangelist were remarkably successful. Many there are now living who gladly call him their father in the gospel. During his life he served churches in South Carolina and Georgia; in the former acting as Moderator of Bethel Association, and in the latter, as Moderator of Tugaloo Association. He was universally honored and beloved by those who knew him. At the advanced age of about eighty years, having preached most of his life, he died December 8th, 1887, leaving a widow, but in comfortable circumstances.

James W. Elizsey,

A member of the Dorchester Association, died January 2d, 1888, having reached about sixty-five years of life and having preached forty years at Saul Dam Baptist

Church, Colleton County. While talking with a friend in seemingly good health, the summons of death came and suddenly he departed. He was a man of native power, but of little education. As a citizen and as a Christian minister he was held in high esteem. His was pioneer work to a large extent, but it was efficient work. The memory of such a servant of God will long be cherished by his friends and acquaintances. Behind him he leaves a family well provided for.

R. W. Cobb

Preached for fifteen years in Oconee County, and died in November last. Though uneducated, he did faithful work for his Master. He was about forty-five when he was taken from his wife and children, whom he left quite comfortable.

Allen Franklin

Was a licentiate of many years in the Edisto Association. He was an earnest, faithful Christian, whose godly walk influenced for good those who knew him best. Having not had favorable opportunities in early life, his education was very limited. On account of ill health he did little or no preaching for a number of years before his death, which occurred at an advanced age last spring in his son's home near Langley, S. C.

W. F. A. Kugley,

After some years spent as a Methodist exhorter, joined the Baptists. He was licensed to preach by the Citadel Square Church, Charleston, about ten years ago, and, until his death, he was a herald of the Cross wherever opportunity offered. Much of his time was spent visiting the poor from house to house, administering consolation to those in trouble. As a member of the Citadel Square Church he died October 1, 1888.

A. C. WILKINS, for the Committee.

REPORT ON TEMPERANCE.

Your committee on Temperance beg leave to submit the following report : When we consider the enormity of the liquor traffic and the fearful ravages of intemperance, we fail to see how any Christian—nay, any friend of humanity—can be indifferent upon this subject. There are nearly one million drunkards in these United States alone, and three million women and children are suffering poverty and shame on account of the intemperate habits of husbands and fathers. One hundred thousand drunkards die every year and must inevitably be lost ; for Scriptures teach us that no drunkard shall inherit the kingdom of God. Eighty-four per cent. of all crime is attributed to intemperance. One of our own brethren, whose pure and noble Christian character is an honor to the bench in South Carolina, is credited with an expression to the effect that a very large per cent. of the criminal cases coming before him are the result of intemperance.

We dare not close our eyes to the fact that the churches, Christian missions and the cause of truth in general are suffering fearfully from this great and unmitigated evil. Where is the Christian of any observation at all who is not ready to give assent to this statement ? Where is the pastor whose heart has not been stirred within him as he has witnessed the awful work of whiskey in his community, consuming some

of the very best material, and even robbing the treasury of the Lord? What is it that annoys our churches most, and gives them the most difficult cases of discipline? We recognize the difficulty of meeting this great enemy successfully, but have no fears of the result if we shall meet it with the calmness and firmness which the gospel of our Saviour should inspire. This gospel is destined to overcome the greatest of evils. Let us then preach the gospel of Temperance, and with faith in God's word look forward to the time when intemperance shall no more be known in our midst, and when the wilderness and solitary place shall blossom as the rose.

In conclusion, your committee would recommend,

1. That we urge Christians to abstain from the use of intoxicants as a beverage, and that we work to create a strong public sentiment against the sale of whiskey either by license, high, low, or in any way, save for medicinal purposes.
2. That the churches be urged to more rigid discipline, cutting off promptly all drunkards, so that this sin be not once named among them.
3. That we work to reclaim the drunkard, to educate the young in the principles of Temperance, and to cultivate public sentiment up to the point that it is a disgrace to drink.
4. As a Convention we heartily believe in the principle of legal prohibition, and shall always support it whenever we can do so without injury to the cause of Temperance.

Respectfully submitted.

CONSTITUTION.

We, the representatives of the constituent bodies of the State Convention of the Baptist Denomination of South Carolina, do agree upon the following Articles, as forming the annexed Constitution of the Convention, and the basis of the Union :

ARTICLE I.

This body shall be styled the STATE CONVENTION OF THE BAPTIST DENOMINATION IN SOUTH CAROLINA.

ARTICLE II.

The grand object of this Convention shall be, the union of the Baptists throughout the State in efforts for the spread of the Gospel in all lands.

The Convention, though not unwilling to give advice in cases of difficulty, yet will claim to itself no power to lord it over God's heritage, believing that the right of government, under Christ, is vested in the churches themselves.

The special objects which this Convention will undertake to promote, shall be the preaching of the Gospel in destitute portions of the State, (to be known as State Missions) ; the distribution of Bibles and Testaments ; the work of Colportage ; and the interests of Sunday Schools, and Foreign and Domestic Missions.

ARTICLE III.

The special objects named in the foregoing Article shall be entrusted to an Executive Board, consisting of a President, a Vice President, a Corresponding Secretary and Treasurer, an Auditor, and nine other members. The said Board shall be appointed annually by this Convention, and the President of this Convention shall be *ex officio* a member of said Board. Five members of the Board shall constitute a quorum. The Corresponding Secretary shall be the Executive Officer of the Board. The said Board shall have authority to fill any vacancies occurring in its own body. It shall act under the general directions of the Convention, and shall make an annual report to the same. The Treasurer shall make an annual report of receipts and disbursements. Besides the special objects entrusted to the Board, it shall also have authority to represent the Convention in all matters requiring attention, while the Convention is not in session.

ARTICLE IV.

This Convention shall consist of Delegates from the several Baptist Associations in this State who may approve of the measures here adopted ; and from other religious bodies of the Baptist connection, concerned in the promotion of the same objects with the Convention.

Each Association shall be entitled to five delegates, irrespective of money contributions, and to one additional delegate for each twenty dollars contributed since the last session of the Convention to the work of State Missions ; and any Baptist Church, Sunday School, Missionary or Education Society, or individual, shall be entitled to one delegate for each twenty dollars contributed as aforesaid for the purpose named : *Provided*, That every such delegate shall be a white member of some

Baptist Church in the State or vicinity. The delegates shall be chosen annually, and satisfactory evidence of their appointment shall be exhibited to the Convention.

ARTICLE V.

The Convention shall have a President, two Vice Presidents, Secretary, Assistant Secretary, Statistical Secretary, and Treasurer. The duties severally assigned to the officers of similar organizations shall devolve on those of this body, and they shall hold their offices for one year, or until their successors are appointed, unless forfeited by unrighteous conduct.

ARTICLE VI.

The support of an Institution of Learning in this State shall be considered as a primary object. One of the designs of this Institution is to assist those who, in the judgment of their churches, are called to preach the Gospel, that they may "study to show themselves workmen approved unto God, that need not be ashamed, rightly dividing the word of truth." Those of this character who need pecuniary aid, may receive it, at the discretion of the Board of Ministerial Education, from funds appropriated to this object. The government of this Institution shall be committed to a Board of Trustees, to be elected by the Convention at the end of every fourth year.

ARTICLE VII.

Ministers of the Gospel in any of our churches needing aid in the more necessary part of learning, and unable to attend at the Institution, may be furnished with a supply of the most useful books from the general fund for educational purposes.

ARTICLE VIII.

This Convention will receive contributions, legacies and bequests for the several objects which it has in charge. And the right of conducting the business of such funds will be considered as vested exclusively in the representatives of bodies which do regularly contribute.

All moneys specially appropriated shall be sacredly applied to the objects designated; but when any contributions or bequests are made without any specific designation, discretion in their application shall be exercised by the Convention or Executive Board.

ARTICLE IX.

The Treasurer shall take charge of all the moneys and other assets belonging to the Convention, and keep separate accounts of the amounts contributed for different objects, and render regular accounts of them to the Convention at its stated meetings, and also to the Executive Board, when called upon to do so. He shall be elected by the Convention at its stated meeting, and shall hold his office until the last day of the next meeting and until another shall be elected and enter upon the duties of his office. He shall pay no money out of the funds but by order of the Convention or the Executive Board, signed by the presiding officer. And should the said office become vacant by death, resignation or removal, the said vacancy shall be filled by an election by the Executive Board, and the person so elected shall hold his office until the next stated meeting of the Convention, and until another shall be elected.

ARTICLE X.

The Convention shall have annual meetings; but in cases of important concern, the President may, at the instance of the Executive Board, call a special meeting.

ARTICLE XI.

Any alteration which experience may prove to be necessary, may be made in these Articles, by the concurring vote of two-thirds of the members present at an annual meeting.

RULES FOR THE TRANSACTION OF BUSINESS.

1. The meeting of the Convention shall be opened and closed each day of its session with prayer by the President, or by some person whom he shall request to perform the service.
2. After prayer on the first day, the names of delegates shall be enrolled, officers shall be elected, and when the body is organized, applications for membership from new bodies be decided on, and, if admitted, their attending delegates shall be received by the right hand of fellowship.
3. The minutes shall be read at suitable intervals, to the end that mistakes, if any shall have been made, may be corrected.
4. Persons invited to seats in Convention shall have the privilege of speaking in debate, but not of voting.
5. The members of Convention shall retain their seats, preserve silence and refrain from conversation during the reading of the minutes, while the presiding officer is putting a question, or when any member is speaking in debate.
6. No member shall absent himself from the meeting of Convention without permission obtained from the President.
7. Each member, when he speaks in debate, or has any communication to make to the Convention, shall address the Chair, standing in his place, and when he has finished he shall sit down.
8. No member shall speak oftener than twice in any one debate on the same day without permission from the Convention.
9. When two or more members rise nearly at the same time to address the Convention, the President shall name the one to speak, being the one who had first risen and addressed the Chair. After he shall have spoken, those who had risen with him shall be heard in the order of their rising, in priority of all others, should they still desire to be heard.
10. When a member shall be called to order, he shall sit down until the Chair determines whether he is in order or not. An appeal, however, may be made from the decision of the Chair to the Convention.

11. No motion shall be debated, nor the question upon it be put, unless it shall have been seconded; and then if required by the President or any member, it shall be reduced to writing, delivered in at the table, and read before the debate begins.
12. When a question is under debate, no motion shall be received, except to adjourn, to lay on the table, to postpone indefinitely, to postpone to a day certain, to

commit, or to amend; which several motions shall have precedence in the order in which they stand there arranged. Neither of these motions; with the exception of that to adjourn, after being decided, shall be allowed again on the same day upon the same question.

13. A motion to adjourn shall always be in order, except when a question is actually put, and the Convention is engaged in voting.

14. If the question for debate contain several points, it may be divided at the request of any member.

15. In filling up blanks, the largest sum and the longest time shall be first put.

16. When a question has been once made, and the vote taken, it shall be in order for any member in the majority to move for its reconsideration.

17. All questions shall be put by the President and the members shall respectfully signify their assent by answering "Aye," and their dissent by answering "No." If the President, or any member, shall not be satisfied that the decision expressed by the ayes and noes is certainly ascertained, the President shall request those who voted in the affirmative to rise and stand until they shall be counted. After these shall be seated, the President shall request those who voted in the negative to rise and stand until they shall be counted. In the event of an equal division, the President shall have the casting vote.

18. When the President shall desire to be heard in debate, or to be temporarily absent, the Chair shall be taken by the Vice President; or, in case of his absence, by some member named by the President, until he shall resume his seat.

19. The following Standing Committees, to consist of five members each, shall be appointed by the President at the commencement of each session, viz. :

A Committee to arrange the preaching during the meeting.

A Committee on Time and Place of Next Meeting, and the Person who shall Preach the Stated Sermon of the Convention's appointment.

A Committee on Nomination of Executive Board.

A Committee on Nomination of Board of Ministerial Education.

20. A Standing Committee on Obituary Notices shall be appointed, to be made up of one member from each Association, with the addition of a Chairman, to gather, during the year, facts concerning deceased ministers and such others as have been distinctively active and useful in the work of the Convention, and to prepare suitable notices of them, to be reported at the ensuing meeting of this Convention.

21. Two Standing Committees—one on Foreign Missions, and one on Home Missions—consisting of five members each, shall be appointed to gather information and report respectively, at the ensuing meeting of the Convention.

22. Any of the foregoing Rules may be suspended, at any meeting of the Convention, by a vote of two-thirds of the members present.
